

Together, as a school **community**, we will ensure that every child reaches their full potential and achieves success in all aspects of their learning.

We will develop links with our local, national and global **communities** to prepare and inform pupils for the **future** and to embrace cultural diversity.

Together, as a school **family**, we will develop our pupils' self esteem whilst promoting creativity, responsibility and safety awareness as they develop life skills for the **future**.

We will provide a welcoming, stimulating learning environment where all members of the school **community** can work **together** and celebrate **together**.

Every child in our school **community** will learn how to care, listen, support, encourage and respect all members of our school **family** and the wider **community**.
